Narrative

Core Learning Activities

Writing a Summary
Students will read fiction and determine the relevant details to include in a summary that includes the narrative elements, such as plot, main characters, and setting.

Identifying Theme
As theme is what the author is saying about human nature and reading texts help students understand what makes us human, students get a variety of opportunities to identify theme from different mediums, selecting from short videos, music videos, short stories, and full length texts.

Students read a short story, identify a central theme and write an essay that develops the central theme.

Narrative Writing
Students compose their own narrative, based on personal experience or a character in the core text.

Resources

- Students write a resiliency rap that tracks the character arc of a central character—specifically how the character responds to and overcomes challenges, and how the character changes as a result.
- Students complete a close reading journal of the three hangings and aftermath in Night to identify and explore how Wiesel makes use of literary devices to explore the different kinds of loss (e.g., spiritual, emotional, humanity) the prisoner's experienced. This later becomes textual evidence for their paper on defining resilience.
- Final close reading with To Kill a Mockingbird. The students read and annotate the passage that begins with "We came to the light on the street corner..." and ends with "...except possibly algebra..."

THIS AMENDMENT No. 4, dated as of June 2, 2020, is between Newtown Board of Education ("SFA") and WHITSONS NEW ENGLAND, INC. ("FSMC").

WITNESSETH:

WHEREAS, the parties entered into a certain Contract, which included a Side Letter to Food Service Management Company Contract, dated as of July 1, 2016 (the "Side Letter"), further amended by Amendment No. 1 dated as of June 20, 2017, Amendment No. 2 dated as of June 5, 2018, and Amendment No. 3 dated May 16, 2019 (collectively, the "Agreement") whereby FSMC manages and operates the SFA's high school food service operation in Newtown, CT; and

WHEREAS, the parties now desire to [further] amend the aforesaid Agreement;

NOW, THEREFORE, in consideration of the promises herein contained and for other good and valuable consideration, the parties hereto agree as follows:

1. The SFA finds that the services are being performed in an effective and efficient manner. The Term of the Agreement is hereby extended to cover the period July 1, 2020 to June 30, 2021, unless terminated earlier as hereinafter provided. This constitutes the fourth amendment of the Agreement, and, in accordance with Section 16.1, Subsection B, of Article XVI (Contract Term, Renewal and Termination) of the Agreement, this Agreement cannot be further amended as this Amendment No. 4 is the last renewal allowed.

2. As contemplated in Section 12.11, Subsection G, of Article XII, the March U.S. Consumer Price Index – Food Away from Home, Northeast Urban, reflects a 3.2% increase over the prior fiscal year. Accordingly, Article XII, Section 12.11, Subsection C (first sentence) of Article XII, as amended as to the High School only in Section III of the Side Letter, shall be amended to read "The FSMC's management fee for the High School is $393.80 per month for ten (10) months."

3. As contemplated in Section 12.11, Subsection G, of Article XII, the March U.S. Consumer Price Index – Food Away from Home, Northeast Urban, reflects a 3.2% increase over the prior fiscal year. Accordingly, Article XII, Section 12.11, Subsection D (first sentence), as amended as to the High School only in Section III of the Side Letter, shall be amended to read "The FSMC's administrative fee for the High School is $1,575.30 per month for ten (10) months."

4. Article XII, Section 12.11, Subsection K, as amended as to the High School only in Section III of the Side Letter, shall be further amended to add the following:

"The FSMC shall guarantee that the food service program at the High School will achieve financial Surplus in the amount of $70,299.00 for the fifth year of the Contract; defined as "generated High School program revenues will exceed all actual and direct High School operating costs incurred".

Since the Guarantee for the NSLP Schools allows a deficit of $80,993.00 for the fifth year of the Contract, the FSMC shall also guarantee that the combined food service program, NSLP Schools and the High School, will a financial deficit in the amount of $10,694.00 for the fifth year of the Contract; defined as "generated program losses will exceed all actual and direct operating costs incurred".

If necessary, FSMC will reduce its total Management Fee and total Administrative Fee ($137,837.00) to achieve said Guarantees. This will be the SFA's exclusive remedy for FSMC's failure to achieve
the Guarantees, and in no event shall FSMC be liable for any amount in excess of its total Management and total Administrative Fees ($137,837.00).

The Guarantee for any subsequent year of the Contract shall be as mutually negotiated by the parties and reflected in a duly executed amendment to this Contract.”

5. As described in Sections E.15 (pg. 14) and 5.2 of the Agreement, equipment purchases were requested through the RFP. As of the date of this Amendment, the unamortized equipment of $11,041 plus the equipment purchased as per the RFP response of $9,681 have been made pursuant to Section 5.2. Middle Gate School – Gym Air Conditioning Project

Original Budget - $45,000 (based on installing ductless split a/c units)

Revised design for two rooftop air conditioning units.

Project was out for bid in April 2020 with bid opening on April 23, 2020.

Received seven bids ranging from $127,516 to $212,400. Low bidder is Perfectemp from Plainville, CT.

Explored alternative options to reduce cost:
  1. Trane via US Communities purchasing program.
     Provided a bid price of $126,823
  2. Automated Building Systems (ABS) via CT DAS contract
     Provide a bid price of $107,690*

  *ABS has proposed alternate scope to replace existing heating units in-kind with air conditioning.

Recommendation is to pursue Option 2 via ABS.
The District Security Camera system was upgraded last year via a five year lease purchase arrangement.

The first installment was paid in June of the 2018-19 fiscal year.
The second installment will be due this June, of the 2019-20 fiscal year.
The three remaining installments will be due in each of the next three fiscal years, as detailed below.
There is no prepayment penalty and no interest forgiveness with prepayment.

Consideration, due to our current financial position, can be given to pre paying one, two or three of these future installments. One year would remove the need to budget this amount for the 2022-23 budget. Two years would remove the need to budget this amount for the 2021-2022 and 2022-23 budgets. Three years would remove the need to budget this amount for the 2021-2022 and 2022-23 budgets and give the BOE the opportunity to reallocate the amount that is currently included in the 2020-21 approved Operating Budget.

Moving forward with the **three year option** will reduce the current anticipated remaining expenditure balance by $374,797.44

Business/Non-Instructional Operations

Budget Procedures and Line Item Transfers

In accordance with Connecticut General Statutes §10-222, the Newtown Board of Education shall prepare an itemized estimate of its budget each year for submission to the Board of Finance and the Legislative Council for review and appropriation. Such budget estimate shall include, but is not limited to, the following major object line item categories:

100 - Salaries
200 - Employee Benefits
300 - Purchased Professional Services
400 - Purchased Property Services
500 - Other Purchased Services
600 - Supplies
700 - Property
800 - Other

Following the annual appropriation, the Board of Education shall meet and revise such itemized estimate, if necessary, and adopt a final appropriated budget for the year. Line items in the budget may be allocated more specifically by the Superintendent or his/her designee in the development, administration and monitoring of the budget after the initial approval of the budget by the Board of Education. The Superintendent shall present for Board approval any proposed additional staff that exceeds the staffing summary approved concurrent with the fiscal year budget. Hiring of additional staff that would be legally mandated will be brought to the Board for approval at the next scheduled Board meeting if all attempts for the Board of Education to meet prior to the hiring are unsuccessful.

The Superintendent and/or his/her designee shall be responsible for administering and monitoring the budget through the course of the year. The Superintendent or his/her designee shall maintain a system of appropriate expenditures and encumbrance accounting that is organized to conform to the requirements for State and Federal accounting reports. A monthly budget report shall be prepared in the same format as the annual object detail budget (as a minimum), showing for each major object code line item, the appropriated budget amount, transfers, expenditure to date, encumbered amounts, and current balance.

Such budget report shall be presented to the Board of Education at the regularly scheduled meeting in the month following the period for which such report is prepared, except the year-end report which shall be completed and presented by the end of August. The year-end report shall reflect all major object codes in positive balance. The Superintendent or designee shall recommend to the Board of Education and the Board shall approve transfers from one major object code to another.
Business/Non-Instructional Operations

Budget Procedures and Line Item Transfers (continued)

Any movement by the Board to expend funds that would otherwise render a major object code in a negative balance shall be preceded by a Motion to Transfer Funds between major object codes to maintain a positive balance in the account from which the funds will be expended. However, this action would not take place if there were expected incoming supplemental funds recognized by the Board.

For effective and efficient administration of day-to-day operations, budget transfer authority is granted to the Superintendent or the Director of Business, as his/her designee, under the following restrictions:

No transfers within major object codes, whether individual or cumulative, of $10,000 or more shall be made unless authorized by the Board.

If the emergency transfer of $50,000 or less is needed and the Board is unable to meet in advance, the Board will take action at its next regularly scheduled meeting. In addition, all transfers within an object summary category under $10,000 will also be approved at the next meeting.

The Board of Education shall not expend more than the amount of the total appropriation and the amount of money received from other sources for school purposes. If any occasion arises whereby additional funds are needed by the Board of Education, the Chairperson of the Board of Education shall notify the Board of Finance, Board of Selectman, or appropriating authority and submit a request for such necessary additional funds. No additional funds shall be expended until such supplemental appropriation is granted and no supplemental expenditures shall be made in excess of those so authorized.

Adding Funds to the Non-Lapsing Educational Account

1. Each year, before August 31st, the Newtown Public Schools Director of Business will recommend to the Board to deposit into a non-lapsing account any unexpended funds from the Board’s prior fiscal year general operating budget, provided such amount does not exceed the percentage of the total budgeted appropriation for education for such prior fiscal year as referenced in C.G.S. 10-248a. An unexpended amount consistent with the Connecticut Statute 10-248a not to exceed 1% of the previous year’s budgeted education appropriation to be placed into the non-lapsing education account.

2. Each year, before August 31st, the Board will forward a request to transfer unexpended funds from the previous year’s budgeted education appropriation, to the non-lapsing education account. The transfer request will include each account number and the amount to be transferred. If known, the specific use for the funds will be communicated.
Business/Non-Instructional Operations

Budget Procedures and Line Item Transfers (continued)

Removing Funds from the Non-Lapsing Educational Account

The Board will vote to forward a request and explanation to the Board of Finance for use of funds from the Non-Lapsing Education Account. Consistent with the Connecticut Statute 10-248a, the use can be for any educational purpose. If appropriate, this request will also include a financial impact sheet.

Item 1 – Pledge of Allegiance

Mrs. Ku asked to move the English I and III curriculum to after the financial report.

Item 2 – Consent Agenda

MOTION: Mr. Delia moved that the Board of Education approve the consent agenda which includes the minutes of May 5, 2020, the donation to Newtown High School, and the correspondence report. Mr. Cruson seconded. Motion passes unanimously.

Item 3 – Public Participation - none

Item 4 – Reports

Chair Report: Mrs. Ku said the Regional Advisory Team advising Commissioner Cardona met today regarding reopening considerations. We discussed the pros and cons of three models for reopening the schools which include half-day attendance alternating in the morning and afternoons, alternating days of attendance, or individualized learning with in-person instruction with distance learning. There is frustration about the decisions that have to be made. She asked for volunteers for the administrators’ contract negotiations, the Re-Entry Committee, and also the Hawley HVAC Project for a representative to attend the Public Building and Site meetings. CABE has asked for a resolution for next years’ legislative session due in August. The Superintendent’s evaluation is also coming up in June. Congratulations to Dan Delia who was named Teacher of the Year at Woodside Intermediate School.

Mr. Delia asked if the committee would be discussing unanticipated expenses like masks. Dr. Rodrigue said there was a Superintendent’s group that put a cost estimate together to provide masks each day. The State will not be purchasing masks and it hasn’t been decided if each district will be required to have them. We have been identifying cost items.

Committee Reports:

Mrs. Harriman-Stites said the Policy Committee would be starting the 4000 series and cleaning up some in the 5000 series that had updates regarding harassment, Title IX, and the student grievance procedure.

Mr. Vouros reported at the April 28 Curriculum and Instruction Committee meeting the English I and III curricula were addressed. At the May 12 meeting there was a sixth grade Spanish update. There is a plan in place to evaluate progression of language between seventh and
ninth grades. When this articulation takes place he feels the language arts teachers will have input.

Superintendent’s Report: Dr. Rodrigue reports that with distance learning we were monitoring student engagement and interactions with students. We collected data through teachers and found that 86% of the students were fully engaged and 2.6% were minimal or had no engagement. She thanked the teachers and administrators who have done an outstanding job. Dr. Rodrigue spoke about the SEL component. We are having a district-wide event to express artistic talent and hopes everyone gets involved on May 29 and throughout that weekend. Parents will receive information this Thursday. The Town also agreed to participate.

Mrs. Harriman-Stites appreciated keeping the students engaged and asked the feedback from families of students with minimal engagement and the issues families are struggling with.

Dr. Rodrigue has spoken to those families and they have the technology they need. Most of what she is hearing a lot is those students were struggling when they left, especially if they had one-on-one support. Also, the motivation is critical so we are working with parents individually. Some students not engaged earlier are coming back online.

Mrs. Zukowski asked if any families had parents who are essential workers so they have a babysitter or someone who is not able to help as much.

Dr. Rodrigue said we do have families in that situation but what is important is not having to do the work at a specific time has helped. The Western Connecticut Superintendent’s Association just sent a survey to ask how many of us took that approach. They can do the work later when parents can support them. Counselors will also meet with students to help.

Mr. Delia asked what efforts were being made to be sure the teachers are supported with them working from home and if they are struggling.

Dr. Rodrigue said she has been working with the president of the union and we work with our administrators. We do meet with staff, especially those with young children at home. That’s a reason we moved to quiet Fridays to have time learning new apps. Mrs. Uberti and Dr. Purcaro have been excellent in knowing what those needs are. They still have PLC time and meet with administrators. The teachers have done an outstanding job.

Student Representatives:
Ms. Jojo reported that with one more day to the start of reopening they are excited to see a glimpse of the quarantine ending
Mr. Chand reported that the seniors are thrilled that the staff and administrators care about making our time at NHS special including the graduation plans.
Ms. Jojo said many students have been taking the AP tests the past two weeks which have been shortened to 45 minutes and students can use notes. There are also make-up days in June.
Mr. Chand said that as the exams come to a close they are all excited for the celebrations at the end of the year.

MOTION: Mr. Delia moved that the Board of Education approve the financial report for the month ending April 30, 2020. Mr. Cruson seconded.

Mr. Bienkowski presented the financial report which included some changes in the Purchased Property Services and the Other Purchases services accounts. The additional tuition expense
is primarily the result of the Excess Cost Grant providing less offset due to a couple of students exiting.  
Mr. Delia said we would have to discuss the final payment for transportation and asked when that would occur.  
Mr. Bienkowski said all payments to All-Star have been made at this point. They presented us with reduced expenses for portions of March, April, May and June. The expenses we haven’t completed are ones for special education transportation services.  

Mrs. Zukowski said there has been some talk about drivers being paid base salary which was not what they were getting before schools closed down. Also, was there any chance the bus company went for PPP?  

Mr. Bienkowski said there has been talk early in the process because there was concern about the pay but Mr. Dufour didn’t know how to include those extra services drivers signed up for such as field trips. The bottom line is there is no consistent way to determine what the drivers have made so it was decided to pay them for their regular daily routes. Regarding PPP, they didn’t participate in that at all. That was reserved for smaller companies. Whitsons have participated in the PPP program but not bus drivers.  

Mrs. Harriman-Stites asked if we paid All-Star for field trips or sports runs even though they aren’t happening now. She wanted to be sure we aren’t paying for something they aren’t doing. Mr. Bienkowski said the sports trips are in a different account and no payments were made for those activities.  

Mrs. Ku referred to the rate of reimbursement with the Excess Cost Grant and asked if it was just based on the number of districts that applied for the grant and the number of students. Mr. Bienkowski said two of our students had withdrawn so they weren’t included in the March data submission which caused a drop in the grant.  
Motion passes unanimously.  

Item 6 – New Business  
First Read of English I and III American Literature Curriculum:  
Abi Marks, English Department Chair, spoke about the revisions to the English I and III American Literature curriculum. The goal of the revisions was to create concept-based units, align with conceptual scope and sequence that builds grades 9 to 11, ensure skill-building is aligned with CT Core Standards, maintain flexibility in choice of texts within units, and plan common assessments with units. English I is for ninth grade students and English III American Literature is an eleventh grade course.  

Item 5 – Old Business  
MOTION: Mr. Delia moved that the Board of Education approve the Sociology Curriculum.  
Mr. Cruson seconded. Motion passes unanimously.  

MOTION: Mr. Delia moved that the Board of Education approve the Western Studies I and II Curriculum.  
Mr. Cruson seconded.  

Mrs. Uberti stated that the curriculum was just Western Studies which was a combination of I and II.  
Mr. Delia moved to amend the motion to remove “I and II” from the description.  
Mr. Cruson seconded.  
Mr. Delia moved that the Board of Education approve the Western Studies curriculum.  
Mr. Cruson seconded. Motion passes unanimously.
MOTION: Mr. Delia moved that the Board of Education approve Policy 5144.1 Use of Physical Force/Physical Restraint/Seclusion/Exclusionary Time Out. Mr. Cruson seconded.

Mrs. Zukowski had six comments on this policy. On Page b under Conditions Pertaining to the Use of Physical Restraint and/or Seclusion under C that no students shall be placed in seclusion she asked if these all applied to involuntary physical force as well as seclusion and if wherever seclusion is listed that and/or involuntary physical force be listed.

Mrs. Harriman-Stites said the policy committee forwarded these questions to Mrs. Petersen. The policies come from CABE and we followed their advice to the letter. She asked Mr. Cruson to go through the policies on her behalf.

Mr. Cruson said the committee looked at these and sent them to Mrs. Petersen and took guidance from her because of how complex this is.

Mrs. Petersen said this policy comes from CABE and our attorneys and everything needs to be spelled out in each of these. Sometimes seclusion is not explained as well. Mrs. Zukowski asked if the CABE recommended policy was in the appendix at the end of the policy. She had concerns about what was in the policy and the appendix.

MOTION: Mrs. Zukowski moved to amend the motion to change section C subsection a and subsection b where the word seclusion is it will now say seclusion and/or involuntary physical restraint.

Mrs. Zukowski said it would make it more consistent with the content used in Appendix A. Mr. Delia thought physical restraint and seclusion were two different things. Mrs. Petersen said the two are different but you can have a seclusion and restraint at the same time.

Mrs. Zukowski wanted the merge of physical restraint and seclusion to be consistent with both sections of the Appendix.

Mr. Cruson stated that the Appendix is part of the regulation which we are not voting on because they are decided by the administration. The administration can mold the regulation. Mrs. Zukowski said if the policy applies to all students, the regulation is inconsistent with the policy

MOTION: Mrs. Harriman-Stites called the question. Mr. Vouros seconded.

Vote: 5 ayes, 1 nay (Mrs. Zukowski) Motion passes.

Vote on amendment regarding section C subsection a and C subsection b change: 2 ayes, 4 nays (Mrs. Ku, Mr. Cruson, Mr. Vouros, Mrs. Harriman-Stites) Motion fails.

Mr. Delia called a point of order and asked the Board to please stick with Robert’s Rules in speaking out and not being recognized by the Chair.

Mrs. Zukowski referred to Item J on page “d.”

MOTION: Mrs. Zukowski moved to change the phrase “any use of physical restraint or seclusion on a student” to “any use of physical restraint or seclusion on a student at risk.” There was no second.

Mrs. Zukowski said it was clear that her level of detail was not supported by the rest of the Board.

MOTION: Mrs. Zukowski called the question. Mrs. Harriman-Stites seconded.
Mr. Delia wanted to add something to the overall motion and wanted to speak to this policy. Mrs. Zukowski withdrew her motion to call the question.
Mrs. Ku said because it was seconded the Board had to vote on calling the question.
Vote: 1 aye, 5 nay (Mrs. Ku, Mr. Delia, Mr. Cruson, Mrs. Harriman-Stites, Mrs. Zukowski) Motion fails.

Mr. Delia clarified that we are voting on the policy, not the regulation.
Mr. Cruson said the Board votes on policy and regulations are there for our reference in looking at the policy.
Dr. Rodrigue said this has been gone over by our attorney. If we are going to make too many changes we should take it back to the attorney because there are reasons for everything.

Vote: 5 ayes 1 nay (Mrs. Zukowski) Motion passes.

MOTION: Mr. Delia moved that the Board of Education approve Policy 5151.5 Suicide Prevention Intervention. Mr. Cruson seconded.

Mr. Cruson said in the first sentence we removed the word “Public.” Also, we did not decide to make any changes addressed in the questions that were sent.

Mrs. Zukowski referred to the language in the grade report and the page “c” regulations.
MOTION: Mrs. Zukowski moved to amend the motion to replace the words if deemed “high risk” with the words if deemed at “immediate risk.” Mr. Cruson seconded.

Dr. Rodrigue said there is a huge difference in high risk and immediate risk. The flow chart in the policy is in the regulations which could be changed by us rather than changing wording in the policy.
Mrs. Petersen stated that high risk is very different from immediate risk and cautioned changing this.

Mrs. Zukowski said the policy says if deemed high risk the student will not be left alone. The procedure for high risk is level two and does not include monitoring students and not being left alone.

Mrs. Ku said the issue is understood. We should leave the policy as is and the administration can work with the regulation to be consistent with the policy.
Dr. Rodrigue said we can look at the regulations again which are more for our staff who follow this practice but we can make it clearer.

Vote on amendment: 6 nays. Motion fails.
Vote to approve policy: Motion passes unanimously.

Item 6 – New Business (continued)
Middle/High School Graduation Programs:
MOTION: Mr. Delia moved that the Board of Education approve the middle school moving-up and high school graduation programs. Mr. Cruson seconded.

Dr. Rodrigue stated that principals worked with the staff to develop these plans and will bring a respectable closure to the year. Part one of the program will be a virtual ceremony with multiple pre-recorded segments which will be combined into one video. Part 2 will be more personal
with cluster teachers and will be released as a video for students and families. We want them to know how proud we are of them moving to the high school. Students will receive their Moving-Up Certificates prior to the program as well as a printed program with student names with pick-up at specific times. They will also have photos taken.

Mr. Einhorn said this was a very special class and they tried to model this after what we’ve been doing for many years and acknowledging our students with names being read. They will see their teachers and receive their certificates with a chance to say good-bye.

Mr. Delia asked what this would look like.

Mr. Einhorn said this will be in scheduled waves a cluster at a time so students have time to see their teachers. We will use the primary lot at the middle school for people to circle into.

Mrs. Zukowski asked if students would get out of their cars to get the certificate.

Mr. Einhorn stated that tables will be set up for certificates or possibly they will be brought to the car.

Mrs. Ku asked how much time will be needed.

Mr. Einhorn said they are expecting two minutes per person. Not everyone will want to participate so some will get their certificates through the mail.

Dr. Rodrigue spoke about the high school graduation plan is complex and extremely important. For the in-person ceremony they will drive up to the front parking lot to a designated spot with a stage set up. Photos will be taken walking across stage. Student would go to another location for a photo and then pick up diploma and return to their car and leave with their family.

Dr. Longobucco said this was a six-part plan for the 411 students who will graduate over three days. There will be 20 cars waiting in spaces and 40 students per hour will graduate. The video will be compiled with pre-recorded speeches, the choir and all 411 students walking across the stage which will look like a traditional graduation ceremony. Students are excited about the parade on June 15 and we have suggested that a parent drive. They will be lead by the policy and there will be a video of the cap and gown pick-up and the parade.

Mr. Delia asked if students would be sent guidelines such as wearing a mask.

Dr. Longobucco said she was working with Donna Culbert, Health Director, and if we can space the students out more than six feet we hope they won’t have to wear a mask crossing the stage.

Mr. Delia asked if there was an area if teachers want to be there as they graduate.

Dr. Longobucco said we have to wait on that piece. We need teachers to help in the parking lot so we broke them in to two-hour shifts and teachers will be able to watch for a two-hour period.

Mrs. Ku said her main concern was that often during ceremonies such as this students are not thinking about rules. She appreciates the detail in this plan. We need to celebrate this momentous event and was glad you found a way to do that.

Mrs. Harriman-Stites left the meeting at 9:33 p.m. prior to the vote.

Vote: 5 ayes. Motion passes.

MOTION: Mr. Delia moved that the Board of Education approve the proposed middle school staffing change for the 2020-2021 school year. Mr. Cruson seconded.

Dr. Rodrigue said that we are asking to include a middle school math interventionist position next year to meet the needs of our struggling math students. Foreseeing additional support in
the areas we looked at changing the title of that position to SRBI Coordinator which requires a 092. This is still a teacher level position and would still support students through intervention in math as well as support in the school as the SRBI Coordinator. It would increase the level of responsibility for this position including helping to coach teachers. We would like to include a stipend of 8% for this position as other coordinators receive.

Mr. Delia asked the budget impact.
Dr. Rodrigue said it would be between $8,000 and $9,000.

Mrs. Zukowski asked if this was added because of COVID 19 issues or the SRBI program.
Dr. Rodrigue said this would be a long-term need but also due to COVID when you think of struggling learners. There will be an increased number of students needing these services.

Vote: 5 ayes. Motion passes.

Dr. Rodrigue said the second staffing change does not require action as there is no budgetary impact. We want to focus on the World Language program in grades K-5. The Spanish program has its own definitive space in the schedule. This is a good time to put grade six on pause for now and focus on the K-5 program since it will be new to grade five next year. Using the proposed position for grade six will help with scheduling.

Mrs. Uberti said another consideration is looking ahead at how trying to add Spanish to sixth grade would impact that group moving forward. We would have to modify what seventh and eighth grade Spanish would look like for those sixth graders.

Mr. Cruson confirmed this was a one-year pause and the fifth graders this year will get Spanish in sixth grade. If we repurpose this .5 position which was supposed to be for sixth grade, we will have to add another .5 position for the following year.

Mrs. Uberti stated that next year will be the first year that K-8 will be on a common schedule. We might have to increase the FTE for Spanish but staff may be able to be shared K-8. We are also going to look at students taking a second language after Spanish.

First Read of Policy 3171.1 Non-lapsing Education Fund:
Mr. Cruson said the overall goal of this policy was to make it so we hopefully won’t have to change it every time the State makes a change to the statute and he reviewed the revisions.

Mr. Delia suggested that since this refers to Policy 3160 we might want to look at them at the same time.
Mr. Cruson said that policy is just procedures of the budget.
Mr. Bienkowski stated that in Policy 3160 there is another reference to not exceeding 1% so that needs to be changed in that policy also.

Mrs. Ku said we can pass the policy at a later date if there is a conflict.
Mr. Delia said this was a first read and asked if the Policy Committee would consider bringing the other policy to the table.
Mr. Cruson said they would look at that policy again.

Mrs. Zukowski said that in the CIP/Finance Committee meeting Sandy Roussas noted the word “planned” as it could have an impact on financial planning. We don’t need the vote of the Board of Finance for us to take money from the fund. She sent a note to Bob Tait regarding the
difference between appropriation and funding. We might end up doing actions that might not seem like we were being cooperative. We need to understand the appropriations process for capital improvements. Certain things have a multi-board process. She thinks we should talk to the Board of Finance regarding that word and bring in other boards about the process.

Mrs. Ku said before we bring in other boards we should have the conversation with our Board and Business Director regarding the questions Mrs. Zukowski was bringing up in the CIP/Finance committee.

Mr. Delia said that policy would be part of the discussion at that meeting.

Mr. Bienkowski said the word planned was inserted to address the possibility and concern about us planning uses for the non-lapsing fund. It has nothing to do with other boards or agencies. It has to do with our CIP. If we have a CIP project and want to offer financial support to move that project along this is the only way we could do it.

Mr. Delia agreed with Mr. Bienkowski and appreciated his clarification.

Mrs. Zukowski also appreciated his clarification but felt it was important to see Policy 3160.

MOTION: Mr. Delia moved that the Board of Education approve the HVAC project for Hawley School for indoor air quality improvements be referred to the Public Building and Site Commission for project review and management. Mr. Cruson seconded.

Mrs. Ku spoke with Dan Rosenthal and Bob Mitchell and they are anxious to get this project going. If we transfer project to Public Building and Site and they will set up a team including Mr. Gerbert, Mr. Bienkowski and Board members. The team will interview contractors and make recommendations. The $300,000 was approved by Board of Finance.

Vote: 5 ayes. Motion passes.

MOTION: Mr. Delia moved that the Board of Education approve the continuation of the school activities fund accounts. Mr. Cruson seconded. Motion passes unanimously.

Dr. Rodrigue said this is something we do annually.

MOTION: Mr. Cruson moved to adjourn. Mr. Vouros seconded. Vote: 5 ayes. Motion passes.
