

October 3, 2021

Dear Staff and Parents/Guardians,

I wanted to be sure you had the appropriate information regarding Governor Lamont's most recent Executive Order 14, extending 9 previous orders through **February 15, 2022**, including 13A requiring universal masking in schools and 13G which mandates vaccinations for employees PreK-12.

- **Executive Order No. 9, Section 1**, and **Executive Order No. 13A**, which provide the authority to require masks in schools, childcare facilities, and certain higher-risk settings, as well as providing municipal authority to require universal masking in certain settings.
- **Executive Order No. 13F** and **Executive Order No. 13G**, which require long-term care facility workers, state hospital workers, state employees, preK through 12 school workers, and the staff of childcare facilities to get vaccinated, with test-out options for those not working in long-term care facilities and hospitals.

The details of Governor Lamont's Executive Order 14 are outlined in the [Governor's Press Release](#).

Thank you,

Dr. Lorrie Rodrigue, Superintendent
